Conference Highlights

Hello from PestWorld Day 4!

It's the final day of PestWorld 2025 in Orlando! This week, attendees have explored the dynamic world of pest management—discovering innovative solutions, sharing insights, and building meaningful connections. As we wrap up this incredible event, one last day awaits, filled with engaging educational sessions, a bustling exhibit hall, and the PestWorld Day of Service!

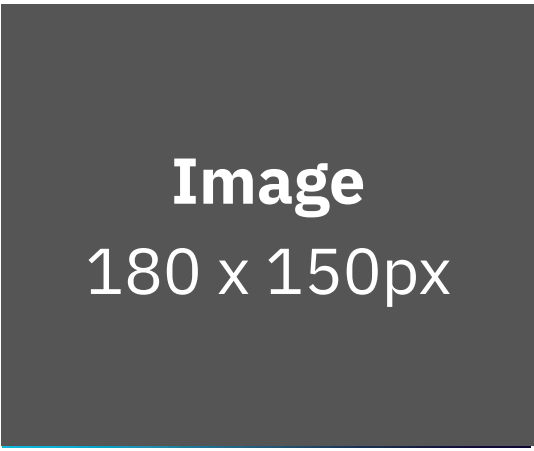

Industry Awards & General Session

During the [Industry Awards](#) Ceremony, attendees came together to celebrate many outstanding contributions to the pest management industry. Several key awards were presented, including the ACE Professional Award (presented by the Entomological Society of America), Culture Catalyst Award, Emerging Leaders Award, NPMA Gives Award, Committee of the Year Award, Chairperson of the Year Award, Women of Excellence Award, and the Pinnacle Award. Dan Moreland was awarded the Pinnacle Award for his 40-year career documenting the industry through PCT magazine.

The ceremony also featured Marshall Gaster of Syngenta Professional Solutions, who inspired attendees with a message on innovation and leadership, and a keynote from futurist Elatia Abate, who shared insights on the future of work and human-centered leadership in the age of AI.
